DESIGN TAKEAWAY

Taking a picnic lunch to the next level is all in the presentation. Start with chic gable boxes (we like the white version from Papermart, online at www.papermart.com). Print labels on glassine bags and wraps for gourmet sandwiches and snacks.

Then tuck in vintage silverware like the bakelite pieces Joy brought to our shoot. Tie on a custom name tag for each guest and you're all set!

Watercolor palettes

Fresh, sweet, and fun!
This palette is perfect for a laid-back lunchtime reception. Spread colorful quilts on the lawn and stack piles of books on each corner for additional entertainment. Hungry? We love the idea of packing individual picnic lunches for each guest, accompanied by a carafe of chilled raspberry lemonade. Ahhhh....
